Na véspera da etapa final do Campeonato Brasileiro de Planadores, TAM Nas Nuvens passeou num avião sem motor. A melhor parte da experiência? A sensação de liberdade.

[Veja a revista eletrônica.](#)

VOO DIFERENTE
A DIFFERENT KIND OF FLIGHT

Paraquedas nas costas, nenhum barulho de motor, vista deslumbrante e pouso sem freio. Conheça a emoção de andar de planador.
With a parachute on your back, no engine noise, a stunning view and a landing without brakes. Learn what the feeling of flying in a glider is like.

Este barômetro preso no vidro do planador é o instrumento mais importante para o piloto: ele indica se o avião está ascendendo ou descendo.
This barometer attached to the glider's glass is the most important instrument for the pilot. It indicates whether the plane is flying in a straight line or not.

A alegria de voar sem motor
The joy of flying with no engine

Tudo começa com a aeronave sendo rebocada por um avião monomotor. Assim que o piloto libera a corda é uma calmaria. Só se ouve o barulho do vento e do rádio. Chegamos a 1.200 metros de altitude, e a paisagem é linda. Nota mental: da próxima vez, não esquecer de levar chapéu e protetor solar. O sol é muito forte lá em cima.
It all starts with the aircraft being towed by a single-engine plane. As soon as the rope is released, calmness is all there is. The only noises you hear are from the wind and the pilot's radio. We reached an altitude of 1,200 feet (1,200 m) and the scenery is beautiful. A mental note: next time, don't forget to bring a hat and sunblock. The sun up there is very strong.
